Independent Auditor's Report

Mr. Tim Keller
State Auditor of the State of New Mexico
Board Members of the Doña Ana Mutual Domestic Water Consumers Association

Mr. Keller and Members of the Board

Report on Financial Statements

We have audited the accompanying financial statements of the business-type activities for the Doña Ana Mutual Domestic Water Consumers Association (Association), as of and for the year ended June 30, 2017, and the related notes to the financial statements which collectively comprise the Association's basic financial statements as listed in the table of contents. We also have audited the budgetary comparison presented as supplementary information, as defined by the Government Accounting Standards Board, as of and for the year ended June 30, 2017, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Association as of June 30, 2017, and the respective changes in financial position and cash flows for the for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective budgetary comparison for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis which is required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Schedules of Required Supplementary Information for Pension Plan, page 28, and related notes be presented to supplement the basic financial statements. Such information although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who consider it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during my audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the Association's financial statements and the budgetary comparison. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2017, on our consideration of the Association's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Form and Function

The Doña Ana Mutual Domestic Water Consumers Association (Association) is a not-for-profit Mutual Domestic Association, incorporated under the provision of the Sanitary Projects Act (SPA) of the State of New Mexico on May 3, 1974. It was established for the purpose of constructing, maintaining and operating a water and wastewater system for the members of the Association in Doña Ana community in Doña Ana County, New Mexico. The business and affairs of the Association are conducted and managed by a Board of Directors consisting of five director selected by the membership. Bona fide occupants and residents within and in the vicinity of the community of Doña Ana, New Mexico, may apply to become members by payment of a \$75, non-refundable membership fee, and must be approved by the Board of Directors. The rights, privileges, a and obligations of the members are equal. No capital stock is authorized nor issued.

An Attorney General's (AG) opinion (90-30, dated December 27, 1990) concluded that entities created under the SPA are subject to the New Mexico Audit Act. Additionally, another AG opinion (68-38) states Mutual Domestic Associations (MDA) under the SPA are created for "one purpose only, and that is to establish and maintain a water system" Further, it concluded MDAs are not municipal corporations. HB 297, enacted during the 2009 legislative session, exempts MDAs from being subject to ad valorem taxes.

The Association is considered to be a special-purpose governmental entity in accordance with Governmental Accounting Standards Board Statement No. 14. The Association is not a component unit of a governmental entity nor does it have any component units. This conclusion was reached because the Association was converted from a cooperative to an MDWA, pursuant to NMSA 3-29-20, by a vote of the Board of Directors rather than through legislative action or action by the entire membership; it does not have the ability to levy taxes but it does have the ability to set and change rates for service, it continues to file not-for-profit tax returns, and it is not a subdivision of any governmental entity.

Attorney General Opinion 06-02 determined that MDWAs created pursuant to the Sanitary Projects Act, NMSA 1978 are public bodies/political subdivisions, whose revenues are "public money" and they have statutory responsibilities to abide by: the Open Meetings Act, the Inspection of Public Records Act, the Procurement Code, and the Per Diem and Mileage Act. Due to the fact that MDWAs have officially been determined to be governmental nonprofit organizations, their financial statements must follow the government format as described in GASB 34 beginning with the fiscal year ending June 30, 2007.

Summary of Significant Accounting Policies

Basis of Presentation

The Association's basic financial statements are presented on the full accrual basis of accounting and conform to accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Association's accounting policies are described below.

The accounts of the Association are organized and operated on the basis of a proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a self-balancing set of accounts that comprise the Association's assets, liabilities, net position, revenues and expenses. Enterprise funds account for activities (i) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; (ii) that are required by laws or regulations that the activity's cost of providing services, including capital costs (such as depreciation debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The accounting and financial reporting treatment applied to the Association is determined by its measurement focus. The transactions of the Association are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets (i.e., total assets net of total liabilities) are segregated into invested in capital assets, net of related debt; restricted; and unrestricted components.

Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, Investments are stated at market value. For the purpose of reporting cash flows, all highly liquid investments(including restricted assets) with a maturity date of three months or less are considered to be cash equivalents.

Investments

All money not immediately necessary for the public uses of the Association may be invested in :

(a) bonds or negotiable securities of the United States, the state or any county or municipality which has a taxable valuation of real property for the last preceding year of at least one million dollars (1,000,000) and has not defaulted in the payment of any interest or sinking fund obligation or failed to meet any bonds at maturity at any time within five years last preceding; or

(b) securities that are issued by the United States government or by its agencies or instrumentalities and that are either direct obligations of the United States or are backed by the full faith and credit of the United States government or agencies guaranteed by the United States government.

(c) in contracts with banks, savings and loan associations or credit unions for the present purchase and resale at a specified time in the future of specific securities at specified prices at a price differential representing the interest income to be earned by the investor. The contract shall be shown on the books of the financial institution as being the property of the investor and the designation shall be contemporaneous with the investment. The contract shall be fully secured by obligations of the United States having a market value of at least one hundred two percent of the contract. The collateral required for investment in the contracts provided for in this subsection shall be shown on the books of the financial institution as being the property of the investor and the designation shall be contemporaneous with investment.

Receivables

Substantially all of the Association's outstanding receivables are from its customers for water sales. Account receivable are shown net of an allowance for uncollectible accounts.

Concentrations of Credit Risk

The Association grants credit without collateral to its customer for its services, but the customers are subject to service termination if the receivables are not settled within a specified time frame.

Inventory

The inventory held by the Association is recorded at cost, with cost being determined on the first-in, first-out basis.

Prepaid Expenses

Prepaid expenses are for payments made by the Association in the current year for insurance that is in effect through part of the next year.

Restricted Assets

Certain resources are set aside for replacement reserves, debt service and emergencies, and are classified as restricted investments on the Statement of Net Position. The use of these monies is limited by the Association's by-laws and loan covenants. In addition, customers' meter deposits are classified as restricted cash.

Capital Assets

Capital assets include property, plant, equipment, and infrastructure assets. Capital assets are recorded at historical costs and depreciated over their estimated useful lives (with no salvage value). Capital assets are defined by the Association as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. Donated capital assets are recorded at their estimated fair market value on the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Utility Plant	40 Years
Equipment	5-8 Years
Vehicles	5 Years
Office Furniture and Equipment	10 Years
Engineering Cost	10 Years
Right of Way Permits	25 Years
Waste Water Acquisition Costs	5 Years

Compensated Absences

It is the Association's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vacation leave may be accumulated up to 80 hours. Upon termination, the Association will compensated an employee for unused accrued vacation leave up to a maximum of 80 hours. Accrued sick leave may be accrued and carried over, however upon termination sick leave is not paid out.

Medical Benefits

The Association pay's 100% of the employee's medical insurance premiums. The Employee is responsible for any dependent on the plan. Total paid on behalf of the Association employees for the fiscal year ended June 30, 2017 totaled \$108,032.32.

Net Position

Net Position represent the difference between assets and liabilities. Net Position invested in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net assets are reported as restricted when there are limitations imposed by creditors, grantors, or laws or regulations of other governments. When an expense is incurred for purposes for which there are both restricted and unrestricted net position available, it is the Association's policy to apply those expenses to restricted net position to the extent such are available and then to unrestricted net position.

Revenues

Revenues are classified as operating or non-operating according to the following criteria:

- (1) Operating revenues include activities that have the characteristics of an exchange transaction, such as charges for services and fees, net of allowance for uncollectible accounts.
- (2) Non-operating revenues include activities that have the characteristics of non-exchange transactions such as capital grants and investment income.

The Association receives grants as well as contributions in the course of operations. Revenues from grants and contributions are recognized when all eligibility requirements, including time requirements are met. Grants and contributions may be restricted for either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as non-operating revenues. Amounts restricted to capital acquisitions are reported after non-operating revenues and expenses.

Expenses

Expenses are classified as operating or non-operating according to the following criteria:

- (1) Operating expenses include activities that have the characteristics of an exchange transaction such as employee salaries, benefits and related expenses; maintenance, operations and contractual services; materials and supplies; office expenses; and depreciation expenses related to the Association's capital assets.
- (2) Non-operating expenses include activities that have the characteristics of non-exchange transactions such as interest on debt and bond expenses.

Budgetary Compliance

An operating budget is adopted each fiscal year and is approved by the Board of Directors and the New Mexico Department of Finance and Administration (DFA). The budget is prepared on a cash basis as required by DFA. The Board of Directors is authorized to transfer budgetary amounts between the items within the fund; however, any revision that alters the total expenditures must be approved by DFA. In conjunction with this, the Association can overspend line items within the fund, but it is a violation of state statute to over-expend a fund total.

The Combined Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - all Governmental Fund Types is presented on the budgetary basis to provide a comparison of actual results with the budget. The major differences between the budget basis and GAAP (Generally Accepted Accounting Principles) basis are that:

- A. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- B. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).

The adjustments necessary to convert the results of operations for the year from GAAP basis to the budget basis for the governmental funds are as follows included on each Statement of Revenues, Expenditures, and Changes in Cash Balance - Budget and Actual (Budgetary Basis).

Use of Estimates

Management of the Association has made certain estimates and assumptions relating to the reporting of assets and liabilities and revenues and expenses to prepare these financial statements in conformity with generally accepted accounting principles. Actual results may differ from those estimates.

Tax Status

The Association operates as a not-for profit association and has received exempt status under Code Section 501 (C)(12) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

A. Deposits

The Association had cash and cash equivalents on deposit with local financial institutions, consisting of checking accounts. Following is a schedule as of June 30, 2016 of the cash and cash equivalents.

	Balance Per Bank 6/30/17	Reconciled Balance
Wells Fargo Bank		
<u>Checking Accounts</u>		
Operating	\$ 50,000	\$ (31,385)
Grants	0	(29,238)
DAMDWCA	259,544	259,544
DAMDWCA-Water Rights	0	(7,299)
USDA RD Account	28,738	28,738
Fort Sheldon	0	0
<u>Savings</u>		
USDA Fort Sheldon Reserve	37,753	37,753
Citizens Bank of Las Cruces		
<u>Checking Accounts</u>		
Operating	20,000	20,000
Total Cash in Banks	\$ 396,035	278,113

There is \$800 cash on hand.

The difference between the bank balance and the reconciled balance is outstanding deposits, outstanding checks and pending bank adjustments.

In accordance with Section 6-10-17, NMSA 1978 compilation, deposits of public monies are required to be collateralized. Pledged collateral is required in amounts in aggregate equal to one half of the amount of uninsured public money in each account during the fiscal year. Securities are valued at market value. No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation.

Total Deposited at Wells Fargo Bank	\$ 376,035
Less: FDIC Coverage	(287,753)
Uninsured Amount	88,282
50% collateral requirement	44,141
Pledged securities	81,564
Over (Under) requirement	\$ 37,423

The following securities are pledged at Wells Fargo Bank

<u>Description</u>	<u>CUSIP #</u>	<u>Market Value</u>	<u>Maturity Date</u>	<u>Location</u>
FNMA FNMS	3138WA5Z6	\$ 592	02/01/34	Mellon, NY
FNMA FNMS	31417ACE7	80,972	10/01/26	Mellon, NY
		\$ 81,564		

Total Deposited at Citizens Bank of Las Cruces	\$ 20,000
Less: FDIC Coverage	(20,000)
Uninsured Amount	0

Custodial Credit Risk-Deposits

<u>Depository Account</u>	<u>Bank Balance</u>
Insured	\$ 307,753
Collateralized:	
Collateral held by the pledging bank in Association's name	81,564
Uninsured and uncollateralized	6,718
Total Deposits	<u>\$ 396,035</u>

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Association does not have a deposit policy for custodial credit risk. As of June 30, 2017 \$6,718 of the Association's bank balance of \$396,035 was exposed to custodial credit risk.

The restricted cash totaling \$3,449,509 is held at NMFA for construction. The source of the cash is various loans and grants administered by NMFA.

B. Investments

Pursuant to a resolution by the Board of Directors, the Association has established a reserve fund for future plant expansion, debt service, emergencies, and water rights acquisition. This reserve is funded by a hook-up charge that ranges from \$1,271 for a 2" Saddle to \$2,030 for a 18" Saddle plus \$1,750 for water rights for each 3/4 inch connection.

The reserve fund consists of the following investments:

	Fair Value	<u>Investment Maturities</u>		
		<u>Current</u>	<u>1 to 5 years</u>	<u>6 to 10 years</u>
Scottrade				
Cash	\$ 295,736	\$ 295,736	\$ -	\$ -
FHLB	898,216	-	898,216	-
FNMA	96,042	-	96,042	-
FFCB	359,198	-	359,198	-
Total Investments	<u>\$ 1,649,192</u>	<u>\$ 295,736</u>	<u>\$ 1,353,456</u>	<u>\$ 0</u>

Custodial Credit Risk

All of the Association's investments are purchased through a Scottrade managed account, which holds all U.S. depository eligible securities with the federally regulated Depository Trust Company or through the Federal Reserve Bank System in Scottrade's name. The Total Investor Protection for Scottrade per account is \$25,000,000, including up to \$1,150,000 in cash. The Association does not have an investment policy for custodial credit risk.

Interest Rate Risk

The Association does not have a policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

State of New Mexico
Doña Ana Mutual Domestic Water Consumers Association
Notes to the Financial Statements
June 30, 2017

Credit Risk Investments

The Association's weighted average days to maturity and ratings are as follows:

Investments	Weighted Average Days to Maturity	Standard & Poor's Ratings	Moody's Ratings
Federal Home Loan Bank (FHLB)	1145	AA+	Aaa
Federal National Mortgage Association (FNMA)	548	AA+	Aaa
Federal Farm Credit Bank (FFCB)	1516	AA+	Aaa

Concentration of Credit Risk

The Association places no limits on the amount the Association may invest in any one issuer. Approximately 54.46% of the Association's investments are invested in FHLB, 5.82% in FNMA, 21.78% in FFCB.

C. Accounts Receivable

The accounts receivable are shown net of an allowance for uncollectable accounts. Total customer accounts receivable were \$295,209 and the allowance for uncollectable accounts was \$79,524 for a net amount of receivables of \$215,685.

D. Capital Assets

Capital Assets Balances and Activity for the Year Ended June 30, 2017, is as follows:

	Balance 6/30/16	Increases	Adjustments Deletions	Balance 6/30/17
Capital Assets not being Depreciated				
Land	\$ 1,211,928	\$ 0	\$ 0	\$ 1,211,928

Loans consist of the following:

USDA/RUS-The Association entered into an agreement with the U.S. Department of Agriculture's Rural Utilities Services on January 22, 2001, to purchase two tracts of land in Doña Ana County. The original amount of the note was \$509,800, bearing 4.75% interest. Principal and interest payments are due monthly, with the note maturing on January 22, 2041.

USDA/RUS-The Association entered into an agreement with the U.S. Department of Agriculture's Rural Utilities Services on April 22, 2013, for the purchase of the Fort Selden Water Company, Inc., which includes land, water distribution systems and equipment. The original amount of the note was \$2,119,317, bearing 2.75% interest. Principal and interest payments are due monthly, with the note maturing on April 22, 2053. The Association has pledged as collateral all gross receipts, income accounts, deposit accounts, goods, supplies, inventory, equipment, the water works and distribution system and all facilities now owned of the Fort Selden Water Company, Inc.

NMED/RIP-2013-The Association entered into an agreement with the N.M. Environmental Department on June 7, 2013, for the purchase of the Picacho Hills Utility Company. The original amount of the note was \$2,000,000, bearing 2.375% interest. Principal and interest payments are due yearly starting December 13, 2014, with the note maturing on December 13, 2033. The Association has pledged net revenues for the water utility system to the payment of the loan.

NMED/RIP-2014-The Association entered into an agreement with the N.M. Environmental Department on June 7, 2013 for the improvements of the water system in Picacho Hills District 5 which also included repairing known issues and planning for future growth and long term sustainability. The original amount of the note was \$2,000,000 and bears interest at 2.375%. Principal payments on the note are due yearly and will begin one year after project completion. The Association has pledged net revenues from the water utility system to the payment of the loan.

NMED/RIP-2015-The Association entered into an agreement with the N.M. Environmental Department on June 17, 2015 for the improvements of the wastewater system in Picacho Hills District 5 which also included repairing known issues and planning for future growth and long term sustainability. The original amount of the note was \$2,000,000 and bears interest at 2.375%. As of June 30, 2015 none of these loan funds have been expended. Principal payments on the note are due yearly and will begin one year after project completion. The Association has pledged net revenues from the water utility system to the payment of the loan.

New Mexico Finance Authority (NMFA) Loans

WTB-55-The Association entered into an agreement with the NMFA on March 27, 2009 to finance the site acquisition, design, planning, engineering and construction of a water reclamation plant. The original amount of the note was \$38,000 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note mature on June 1, 2029. The Association has pledged net revenues from the water utility system to the payment of the loan.

WTB-83-The Association entered into an agreement with NMFA on March 27, 2009 to finance the cost of designing, planning, engineering and construction of a water reclamation plant. The original amount of the note was \$380,000 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2029. The Association has pledged net revenues from the water utility system to the payment of the loan.

WTB-105-The Association entered into an agreement with NMFA on March 27, 2009 to finance the cost of designing, planning, engineering and construction of a water reclamation plant. The original amount of the note was \$14,000 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2029. The Association has pledged net revenues from the water utility system to the payment of the loan.

WTB-243-The Association entered into an agreement with NMFA on December 21, 2012 for the completion of phase II of the surface water transmission line. The original amount of the note was \$1,404,000 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2032. The Association has pledged net revenues from the water utility system to the payment of the loan.

WTB-271-The Association entered into an agreement with NMFA on March 14, 2014 for the construction of improvements to the transmission mains and distribution lines through the collective water delivery area. The original amount of the note was \$1,600,000 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2032. The Association has pledged net revenues from the water utility system to the payment of the loan.

CI-2770-The Association entered into an agreement with NMFA on February 22, 2013 for the construction of the final phase of line extension and additional capacity for a regional project that includes four Colonias. The original amount of the note was \$35,706 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2032. The Association has pledged net revenues from the water utility system to the payment of the loan.

CI-2972-The Association entered into an agreement with NMFA on April 4, 2014 for the construction of water transmission lines from the main water lines to Doña Ana and San Ysidro Colonias. The original amount of the note was \$153,360 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2034. The Association has pledged net revenues from the water utility system to the payment of the loan.

CI-3177-The Association entered into an agreement with NMFA on July 17, 2015 for the construction of water transmission lines from the main water lines to Doña Ana and San Ysidro Colonias. The original amount of the note was \$18,800 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2034. The Association has pledged net revenues from the water utility system to the payment of the loan.

CI-3184-The Association entered into an agreement with NMFA on July 17, 2015 for the construction of water transmission lines from the main water lines to Doña Ana and San Ysidro Colonias. The original amount of the note was \$10,020 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2035. The Association has pledged net revenues from the water utility system to the payment of the loan.

CI-3349-The Association entered into an agreement with NMFA on February 9, 2016 for the construction of water transmission lines from the main water lines to Doña Ana and San Ysidro Colonias. The original amount of the note was \$67,764 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2035. The Association has pledged net revenues from the water utility system to the payment of the loan.

CI-3507-The Association entered into an agreement with NMFA on January 6, 2017 for the construction of water transmission lines from the main water lines to Doña Ana and San Ysidro Colonias. The original amount of the note was \$120,000 and is noninterest bearing. Principal payments on the note are due yearly on June 1st. The note matures on June 1, 2038. The Association has pledged net revenues from the water utility system to the payment of the loan.

DW-2868-The Association entered into an agreement with NMFA Drinking Water State Revolving Loan Fund (DWRLF) on May 13, 2013 for the completion of phase II of the surface water transmission line. The original amount of the note was \$2,059,390, of which \$514,848 may be forgiven. The maximum aggregate repayable principal is \$1,544,542. The note bears interest of 2%, which includes the administrative fee. Principal payments on the note are due yearly on May 1st. The note matures on May 1, 2035. The Association has pledged net revenues from the water utility system to the payment of the loan.

DW-3227-The Association entered into an agreement with NMFA on November 20, 2015 for the construction of water transmission lines from the main water lines. The original amount of the note was \$2,083,125. The interest rate is 2%. Principal payments on the note are due monthly when construction is complete. The note matures on October 20, 2036. The Association has pledged net revenues from the water utility system to the payment of the loan.

DW-3382-The Association entered into an agreement with NMFA on November 10, 2015 for the construction of water transmission lines from the main water lines. The original amount of the note was \$2,272,500. The interest rate is 2%. Principal payments are paid monthly when construction is complete on the note are due yearly on June 1st. The note matures on October 10, 2036. The Association has pledged net revenues from the water utility system to the payment of the loan.

The annual requirements to amortize the general obligation bonds as of June 30, 2017, including interest payments are as follows:

	Principal	Interest	Total
2018	\$ 671,996	\$ 296,714	\$ 968,710
2019	689,627	285,136	974,763
2020	701,527	273,296	974,823
2021	713,686	261,188	974,874
2022	726,128	237,884	964,012
2023-2027	3,827,308	1,048,180	4,875,488
2028-2032	4,129,545	692,467	4,822,012
2033-2037	4,605,765	294,656	4,900,421
2038	6,000	0	6,000
	<u>\$ 16,071,582</u>	<u>\$ 3,389,521</u>	<u>\$ 19,461,103</u>

F. Retirement Plan

Summary of Significant Accounting Policies

Summary of Significant Accounting Policies

Pensions-For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA's. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Public Employees Retirement Fund-is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officers, Municipal General, Municipal Police/Detention Officers, Municipal Fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the Public Employees Retirement Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the Public Employees Retirement Fund, unless specifically excluded.

Benefits Provided – Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tier I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60% to 90% of the final average salary, depending on the division. Benefits for duty and non-duty death and disability and for post-retirement survivors' annuities are also available.

Tier II-The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at any age if the member has at least eight years of service credit and the sum of the member's age and service credit equals at least 85 or at age 67 with 8 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4 and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20%. All public safety members in Tier II may retire at age 60 with 6 or more years of service credit. Generally, under Tier II pension factors were reduced by .5%, employee Contribution increased 1.5 percent and effective July 1, 2014 employer contributions were raised .05 percent. The computation of final average salary increased as the average of salary for 60 consecutive months.

State of New Mexico
Doña Ana Mutual Domestic Water Consumers Association
Notes to the Financial Statements
June 30, 2017

Contributions – The following tables illustrate the various coverage options under the PERA plan and the contribution rates effective during the year.

PERA Contribution Rates and Pension Factors as of July 1, 2016						
Coverage Plan	Employee Contribution Percentage		Employer Contribution Percentage	Pension Factor per Year of Service		Pension Maximum as a Percentage of the Final Average Salary
	Annual Salary less than \$20,000	Annual Salary greater than \$20,000		TIER 1	TIER 2	
State Plan 3	7.42 %	8.92 %	16.99 %	3.0 %	2.5 %	90 %

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions –

At June 30, 2017, the District reported a liability of \$1,198,247 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2016 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2016. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2016. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2016, the District's proportion was 0.0750 %, which was an increase of 0.0031% from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$146,770. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 59,870	\$ 11,694
Net difference between projected and actual earnings on pension plan investments	220,475	0
Changes of assumptions	70,263	199
Changes in proportion and differences between the District's contributions and proportionate share of contributions	82,310	0
District's contributions subsequent to the measurement date	56,834	0
Total	<u>\$ 489,752</u>	<u>\$ 11,893</u>

\$56,834 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date June 30, 2014 will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30:</u>	
2017	\$ 107,708
2018	107,708
2019	149,107
2020	56,502
Total	<u>\$ 421,025</u>

Actuarial assumptions. The total pension liability in the June 30, 2016 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

State of New Mexico
Doña Ana Mutual Domestic Water Consumers Association
Notes to the Financial Statements
June 30, 2017

Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay, Open
Amortization period	Solved for based on statutory rates
Asset valuation method	Fair value
Actuarial assumptions:	
(1) Investment rate of return	7.48% annual rate, net of investment expense
(2) Projected benefit payment	100 years
(3) Payroll growth	2.75% annual rate
(4) Projected salary increases	2.75% to 14.00% annual rate
(5) Includes inflation at	2.75% annual rate for the first 10 years and 2.75% all other years
(6) Mortality Assumption	RP-2000 Mortality Tables (Combined table for healthy post-retirements, Employee table for active members, and Disabled table for disabled retirees before retirement age) with projection to 2018 using Scale AA.
(7) Experience	July 1, 2008 to June 30, 2013 (demographic) and July 1, 2010 through June 20, 2015 (economic)

The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2015. The total pension liability was rolled-forward from the valuation date to the plan year ended June 30, 2016. These assumptions were adopted by the Board use in the June 30, 2015 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	43.50%	7.39%
Risk Reduction & Mitigation	21.50%	1.79%
Credit Oriented Fixed Income	15.00%	5.77%
Real Assets	20.00%	7.35%
Total	100.00%	

Discount rate. A single discount rate of 7.48% was used to measure the total pension liability as of June 30, 2016. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.48%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the Association's proportionate share of the net pension liability to changes in the discount rate. The following presents the employer name's proportionate share of the net pension liability calculated using the discount rate of 7.48 percent, as well as what the employer name's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.48 percent) or 1-percentage-point higher (8.48 percent) than the current rate:

	1% Decrease (6.48%)	Current Discount Rate (7.48%)	1% Increase (8.48%)
The District's proportionate share of the net pension liability	\$ 1,786,480	\$ 1,198,247	\$ 710,337

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued PERA'S financial reports.

G. Risk Management

The Association is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, natural disasters, and worker's compensation. Commercial insurance covers all losses. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the prior three years. There were no claim liabilities at year end.

H. Commitments, Contingencies and Subsequent Events

Westmoreland Water Rights-The Association has filed a lawsuit for breach of contract, fraud and unfair trade practices against Forrest and Joyce Westmoreland regarding the contract for and purchase of 82 acre feet of water rights. The Association requested the return from the Westmoreland's of the \$147,600 paid, plus interest, punitive damages, treble damages, costs and attorney fees. As of the date of this audit report, the judge has agreed the Association will get the money back, however, the decision has been appealed.

The Association is involved in several improvement projects throughout the system.

Federal Compliance

State of New Mexico
Doña Ana Mutual Domestic Water Consumers Association
 Schedule of Expenditures of Federal Awards (SEFA)
 For the Year Ended June 30, 2017

Federal Agency/Pass Through Grantor/Program Title	Federal CFDA Number	State ID Number	Total Federal Awards Expended
<u>U. S. Environmental Protection Agency</u>			
Pass-through New Mexico Finance Authority			
Drinking Water State Revolving Loan Fund			
Loan and Subsidy Agreement	66.468	DW 3227	\$ 1,419,306
Loan and Subsidy Agreement	66.468	DW 3382	797,837
Total Federal Assistance			<u>\$ 2,217,143</u>

Notes to the Schedule of Expenditures of Federal Awards

A. Significant Accounting Policies used in preparing the SEFA

The Schedule of Expenditures of Federal Awards was prepared on the accrual basis of accounting.

B. Loan Subsidy

The Schedule of Expenditures of Federal Awards includes a grant and loan subsidy from the Drinking Water State Revolving Fund. The loans and loan subsidies were \$3,000,000. The loans and subsidies have a balance available to spend at year end of \$2,223,127.

C. DeMinimus

The Association did not elect the 10% de minimus indirect cost rate. The Association does receive any money for administrative costs.

D. Loan Balances

The balance of all federal loans as of June 30, 2017 was \$12,979,137.

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed
In Accordance with Government Auditing Standards

Independent Auditor's Report

Mr. Tim Keller
State Auditor of the State of New Mexico
Board Members of the Doña Ana Mutual Domestic Water Consumers Association

Mr. Keller and Members of the Board

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business-type activates of the Doña Ana Mutual Domestic Water Consumers Association (Association) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Association's basic financial statements and related budgetary comparison of the Association, presented as supplemental information, and have issued our report thereon dated November 15, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit, of the financial statements, we considered the Association's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Association's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that are less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standard*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

 DeAnn Willoughby CPA PC

November 15, 2017

Report on Compliance With Requirements
Applicable To Each Major Program and Internal Control
Over Compliance in Accordance With OMB Uniform Guidance

Independent Auditor's Report

Mr. Tim Keller
State Auditor of the State of New Mexico
Board Members of the Doña Ana Mutual Domestic Water Consumers Association

Mr. Keller and Members of the Board

Compliance

We have audited Doña Ana Mutual Domestic Water Consumers Association (Association) compliance with the types of compliance requirements described in the Title 2 U.S. CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) that could have a direct and material effect on each of the Association's major federal programs for the year ended June 30, 2017. The Association's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Association's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Uniform Guidance. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Association's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Association's compliance.

Opinion on Each Major Federal Program

In our opinion, the Association complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Association is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Association's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Association's response to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The Association's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
